Basic Eligibility

You are initially eligible if your startup:

• is student-driven, student-created and/or student-managed

• has at least two current or very-recently graduated student founders or management team members, and at least one of those students is a current graduate degree-seeking student (Masters, PhD, MBA, JD, MD, etc.)

• Current means enrolled in school now
• Very-recently graduated means graduated after May 1, 2022
• Startup must have a graduate-level student on the team
• Same goes for competing—at least two students; at least one grad student
• At least one student is from Rice (but you can be from multiple schools)
Basic Eligibility (con’t)

You are initially eligible if your startup:

• has not raised more than $250,000 in equity capital prior to July 1, 2022
• has not generated revenue of more than $100,000 in any 12-month period prior to July 1, 2022
• is seeking funding or capital (or will be in the next 12 months)
• is a potentially viable investment opportunity
  • We are looking for early-stage companies, businesses, startups
  • We are not looking for projects, ideas, concepts
What we look for in an application

1. All questions answered fully
   RBPC website -> Compete -> FAQs -> What’s in the application

2. An executive summary that:
   • gives a full view of your startup
   • addresses all the main points of your business

RBPC website -> Compete -> Eligibility -> page 7 of Eligibility and How to Apply doc
What we look for: executive summary

a. **Company summary** – in 1-2 paragraphs describe the problem the startup company is addressing, the technology solution, product, or offering, and who are the potential customers

b. **Customer analysis** – explain who the potential customers are and what problem you are solving

c. **Customer/market validation** - what evidence do you have that customers will pay for this product

d. **Market analysis** – describe the market size, targeted segments and potential market share

e. **Product or service** – Describe current state of development of the product or service and any technology validation to-date (i.e., what evidence do you have that the technology works)

f. **Intellectual property** – provide a status of patents, licenses, or other IP (if applicable)

g. **Competitive differentiation** – explain the competition and show what makes this startup better than competitive alternatives

h. **Company founders, management team and/or advisor**– include brief bios of the startup founder to show how this team has the expertise to successfully launch this startup (including relevant experience)

i. **Financials**: show 3-5 year projection of revenue, profit and cash flow

j. **Amount of investment** you are seeking and use of funds
• RBPC director reviews each Rice application for eligibility
• We rate app on 5-6 criteria; we take the average
• Criteria is similar to what’s in the exec sum (and see p. 8 of Eligibility and How to Apply doc)
• Highest-scoring apps are invited to pitch at the RBPC Qualifier (Mar. 16) in front of 20+ judges
• Semi-final and Final rounds, 1st-3rd place cash prizes
• Applicants cannot get screening results, but you can get access to any resources we can offer
Low ratings may result when the applicant:

- Does not give enough info
- Does not show they are a viable business venture
- Is not realistic or makes outlandish claims
- Does not have an online presence (website, social media, etc.)
- Does not have an academic advisor; or academic advisor does not know about them
- Is not affiliated with a department, institute or resource on campus (if there are such offerings available)

*The great thing is that all the problems can be addressed with a little time and effort*
